Hello students,

This year has been one we will never forget and we are still journeying through. There have been many changes to training and there could be more to come. Unfortunately, the decision has been made to cancel the 2020 Bastrop Wildfire Academy.

For the second time this year, we have had to cancel a full Academy. It is heartbreaking. However, we must follow the guidance that we have been given to keep our staff and cooperators safe and healthy. At this time, we are looking at possible alternatives to in-room classes. Should we come up with approved modifications, the information will be posted. I appreciate your support of the academy this year and in year's past, and look forward to an amazing academy next year.

The goal is to hit the ground running January 2021, if we are able, and prepare for the 2021 Lufkin Wildfire Academy.

Should you have any questions at all, please do not hesitate to contact us.

Sincerely,

Meredith McNeil

Program Coordinator – External Training
